And besides, what's changed with him? We even gave him our trust.

Something like that.
You gave too much trust.

We may be being deceived.

It's nothing.
How do you know that?
It just came to me.

What Kawashima does and says... is right...
Well...

Isn't that trust of yours somewhat fragile?
One day, Kawashima's gonna go home.

You're half afraid.
